

Curriculum Vitae

PERSONAL INFORMATIONS:

- Name: Zeinab Abd ELMohdy .Abd Elhaleem Madkor
- Gender: female
- Birth date:21-11-1966
- Marital state: married
- Nationality: Egyptian
- Academic mail : z.madkor@mu.edu.sa
- Telephone number: 0164043642
- Cell phone: 009660507563474.
- Current position:
 - Assistant professor , College of Medicine, Majmaah University, KSA.
 - Professor, College of Medicine , Ain Shams University, Egypt.

Google scholar & RearchGate: Zeinab A.Abd Elhaleem

EDUCATION:

- Bachelor of medicine and Surgery, December 1990, Faculty of Medicine, Ain Shams University, Egypt
- Master degree of forensic medicine and toxicology , 1997, Faculty of Medicine, Ain Shams University, Egypt
- MD degree of clinical toxicology,2000, Faculty of Medicine, Ain Shams University, Egypt.

CAREER EXPERIENCE AND JOB HISTORY:

- House officer in Ain Shams University Hospitals, 1991-1992.
- Doctor in charge of school health, Egypt 1992.
- Resident in Ain Shams University Hospitals, 1993.
- Demonstrator in Forensic medicine and clinical toxicology department , Faculty of medicine, Ain Shams Univeristy, 1994.
- Assistant Lecturer in Forensic medicine and clinical toxicology department , Faculty of medicine, Ain Shams Univeristy, 1997.
- Lecturer in Forensic medicine and clinical toxicology department , Faculty of medicine, Ain Shams Univeristy, 2000.
- Assistant Professor in Forensic medicine and clinical toxicology department , Faculty of medicine, Ain Shams Univeristy, 2005 .
- Professor in Forensic medicine and clinical toxicology department , Faculty of medicine, Ain Shams Univeristy, 2-2013 up till now .
- Now, Assistant professor in college of medicine, Majmaah University

RESEARCH AND PUBLICATION:

- Alexithymia and Quality of Life in Saudi Women with Polycystic Ovary Syndrome: A Community Based Study,2024
- Prevalence of self-medication and associated factors among female students of health science colleges at Majmaah University: A cross sectional study 2023.
- Bluetooth versus non- Bluetooth earphones and their potential harmful effect on hearing: a cross-sectional study conducted among undergraduate medical students, Saudi Arabia 2022

- Vaccine Acceptance and Adherence to Precautionary Measures among Majmaah Population, Major Challenges for Control of New Strains ,2022,.
- Prevalence of Eating Disorders among Students of Health Science Colleges in Majmaah University ,Saudi Arabia ,2022
- Pesticide residues in tomato and tomato products marketed in Majmaah province, KSA, and their impact on human health 2020
- Determination of Common Spices and Herbs Contamination with Aflatoxin in Al Majmaah Province,2018
- Pattern of acute poisoning in Al Majmaah region, Saudi Arabia,2014
- The Possible Cardiopulmonary and Cerebral Toxic Effects of Sildenafil Citrate(Viagra) on Adult Male Albino Rats.2013
- The Potential Mitigative Effect of Glutamine on Gamma Radiation – Induced Pneumonitis in Adult Albino Rats.2013
- Contradictory effects of α -tocopherol on doxorubicin- induced cardiotoxicity in adult male albino rats. 2013
- Acute Theophylline Intoxication in Some Egyptian Children and Adolescents , A Prospective Study. 2012.
- Beta glucuronidase as a simple biomarker of acute organophosphate poisoning in human, 2012.
- The different responses of some adult albino rats' body organs to the genotoxic effect of cadmium,2012.
- Co enzyme Q10 ameliorates statin-related myotoxicity .A biochemical and histological study, 2011
- Pattern of Food Poisoning in Egypt, A Retrospective study,2011.
- Impact of mono or combined interferon therapy on thyroid function in chronic hepatitis C virus adult patients,2011.

- Clinical profile of acute paraphenylenediamine intoxication in Egypt. 2010.
- Clinical and experimental assessment of acute *Jatropha curcas* seeds poisoning. 2010.
- Beneficial Effect of Lycopene on Methotrexate – Induced Testicular Toxicity in Adult Albino Rats, 2010.
- Assessment of bone mineral status with carbamazepine and valproic acid monotherapy, 2009
- Could selenium guard against mercury genotoxicity in a dose dependant manner? 2009.
- Evaluation of TNF- α and its soluble receptors (P55, P75) together with CD11B/CD18 expression as prognostic parameters in burned patients.
- Genetic hazards of trivalent chromium exposure among tannery workers in Egypt.
- Role of zinc in hepato and nephrotoxic effects of chlorpyrifos. A biochemical, trace elemental and histological study.
- The possible cytoprotective role of L-arginine and misoprostol in some radiocontrast media induced toxicity.
- Protective role of synthetic PGE₁ analogue against both early and late cytotoxic effects of gamma irradiation in adult albino rats.
- Some of the toxic responses accompanying both short and long term administration of mycophenolate mofetil in adult albino rats.
- Potential protective effect of L-arginine on cyclosporine A induced osteopenia in adult albino rats.
- Leucovorin and Allopurinol versus testicular and hematological toxicities induced by 5-fluorouracil in adult male albino rats.

- Comparative study of desferoxamine and salicylhydroxamic acid in acute and chronic iron toxicity.

ASSISSTANT IN THE SUPERVISION :

1. MD Thesis (Clinical toxicology) The possible cytoprotective role of L-arginine and misoprostol in some radiocontrast media induced toxicity . by Mohamed Khaled,2002.
2. M.Sc.Thesis (Forensic medicine) , Ain Shams University.
Correlation of clinical, computed tomographic scanning (CT) findings and serum S-100 protein following traumatic brain injury, by Sonia Mohamed ,2004.

MEMBERSHIP IN SCIENTIFIC SOCIETY:

- Member in Clinical Society of Faculty of Medicine, Ain Shams University.
- Member in Medical Consultation Unit in Faculty of Medicine, Ain Shams University.
